

# Shake those blues away!

## Lyrics

Shake those blues away

Sad/Happy

*(This has a blues vibe and moves to blue grass when happy)*

**Composition: Corinne Gibbons**

**Lyrics: Julie Greene**

When I am feeling down  
A little sad and blue  
Sometimes there is a frown  
Or a tear or two

But that's ok!  
I grab my guitar and play  
The blues the blues the blues

Musical break – Wah Wah Wah

Well It's ok to feel those blues  
Because everybody does  
So I take my guitar and play the blues

But I can shake my blues away...

I wriggle and I shake, I shake those blues away  
Sometimes I feel a giggle  
Rising up from my middle  
I start to feel bouncy and warm

Hahahaha  
Musical break – happy whistling  
Hahahahahaha Hahahahahaha

My blues have changed to rainbows  
I'm hahahappy! There is a pep in my step and I feel so zappy!

My feet are moving and I am grooving  
Feeling breezy oh so easy!  
I'm hahahappy! Oh so happy again!

Feeling sad or feeling happy  
It's all part of what makes me me!
