

Calm and Mellow Lyrics

Calm
(Calypso tune)

Composition: Corinne Gibbons
Lyrics: Julie Greene

*I'm floating down a river
The world is going by ...*

I stare above the clouds
Into the deep blue sky

I am feeling calm and mellow
Floating by without a care

My world is golden yellow
And it makes me smile, smile so wide

*I'm floating down a river
The world is going by ...*

Troubles are so far away
A smile plays on my lips

Nothing can get me down today
I am calm, I am bliss.

*I'm floating down a river
The world is going by*

The sunlight warms my skin
And the breeze flutters by

The calmness is within me
I am feeling strong.

*I'm floating down a river
I know I'm exactly where I belong where I belong so calm calm a calm calm calm*
